

### **Corporate Sustainability Program**

At Argentina International Moving SRL (Argenmove) we are committed to achieving sustainable, responsible, and ethical business practices that benefit our planet, society, and long-term business success.

### **Scope**

The scope of this program is to create awareness among the members of the company, colleagues and supply chain.

### **Principles:**

We are dedicated to environmental stewardship, aiming to minimize our environmental impact and promote resource conservation.

We uphold our social responsibility by ensuring fair labor practices, promoting diversity and inclusion, and we hope to aim in 2024 an actively participation in our communities.

We prioritize economic sustainability through responsible financial management and sustainable business growth.

### **Our goals**

We are working on revising how our activity impacts in our society and environment and how to mitigate these to achieve a lower impact. Our objectives include but are not limited to:

- Reducing our carbon emissions yearly.
- Conserving natural resources by implementing energy-efficient measures and responsible resource management.
- Promoting diversity and inclusion, aiming for representation of underrepresented groups within our workforce.
- Engaging in community initiatives, contributing to charitable causes annually. These contributions can include profits, furniture, books or time. These decisions will be taken in duly time and according to the non-profit-making associations we collaborate with, helping children and adults in need.
